Dubai will be home to the world's first climate-controlled areas with rain and snow-lined streets. A selection of European themed five, six and seven-star hotels operated by a leading European brand inspired streets, plazas, marinas and boardwalks, a plethora of outdoor activities including watersports, snorkeling, diving, sailing. This exciting concept has not been seen in Dubai before and guests will be able to experience true European seasonal weather. An underwater museum which will showcase the best of Dubai's heritage.
