BUA 482 Sq Ft – Affordable price in a self-sustained community, an investment that is reliable

A community by the time it is completed will become the soul of the suburbs, designed in a way where the community is has got multiple pockets of greenery – each block has its own mini-park with the main park in the center of the community the size of 17 football fields. Lines of retail shops, an open theater are all part of the ‘central’ park. The community has already signed up for Vida hotel and reel cinemas.

This particular block of apartments is 5 minutes walk from the central park with one side facing the supposed to hospital making it a preferred area to live in for the staff, the concept around this development is community living, where residents will be socializing in open spaces with coffee shops, grocery stores, restaurants etc

The apartments are designed beautifully with superior quality finishing, a comfortable bathroom, built in wardrobe, a cute balcony with a functional kitchen.
