“Florence and art is something that is part of my life and part of myself” Roberto Cavalli – this quote by Roberto Cavalli pretty much paints the picture for this tower that is being delivered in 2020 in Business bay. At the bank of the business bay lake and right next to JW Marquis this is the only residential tower on the block, the location has been chosen carefully by the developers.

A known name in Saudi Arabia and with a body of work that spans across multiple countries Dar Al Arkan is a name that needs no introduction, listed on the Saudi stock exchange with an asset value of 25 billion Saudi Riyal, it doesn't come as a surprise the Cavalli brand chose to work with them.

The project aptly named 'I Love Florence' – an ode to Roberto's life associated with Florence. For the first time, Roberto Cavalli designs the interiors of an iconic residential tower with a range of exquisite home-accessories and ornate fittings from Cavalli interiors. Presenting Cavalli's take on elite homes part with luxury and fashion.

Inspired by the city of Florence that represents a rich history in arts, culture, architecture, and fashion each unit is designed to create an ambiance for the resident that is reflected in all of the above. The 1 bedroom apartments come in various sizes and layouts, functional sleek open plan kitchen, bedrooms that are spacious and carry the essence of Cavalli interiors.
